

INFORMATION REGARDING START AND FINISH TIMES

Parents and Carers who have more than one child to bring to school and collect at home time may find it difficult if they have differing start and finish times. Therefore, children can be dropped off at school together at the time appropriate for the earliest child at the school entrance that is designated for that year group. At home time children can be collected together at the later finish time at the entrance for that child's year group.

For example, a Year 3 and a Year 6 child can be brought to school together at 8.30am using the gate on Radlett Road. At home time they can both be picked up from the main entrance (left hand side) at 3.15pm.

Please let us know by email at parentreply@nsprimary.org.uk if you need to drop off/collect as above so that we can inform teachers.
